PROFESSIONAL SUMMARY

Industrial Design undergraduate (B.Des, National Institute of Design Haryana, 2027) working across product design, interaction design, fabrication and design research. Hands-on with 3D CAD, modeling, rapid prototyping and workshop fabrication; shipped research-backed concepts from hearing-aid dryers to spider-legged rescue vehicles.

EDUCATION

National Institute of Design, Haryana — Bachelor of Design

2023 – 2027

Major: Industrial Design; Minor: Communication Design · Kurukshetra, India

Rockvale Academy — ICSE

2018

Kalimpong, West Bengal

PROJECTS

ARID – Hearing Aid Dehumidifier

Consumer Healthcare

- RF/molecular-sieve dryer that dries hearing aids without harmful heat; 71-page research deck spanning corrosion failure analysis, a 5-product market study and form iteration to final renders.

eNav – Motorcycle Navigation Dial

Automotive / Interaction

- Handlebar-mounted ESP-32 device: minimal maps UI with turn-by-turn guidance, rotary-bezel call control, detachable puck with pogo-pin dock charging; designed for zero distraction.

KAAM – Direct-Hire Platform for Domestic Workers

Social Impact / UX

- Hirer-facing mobile app plus a Hindi-first voice/icon kiosk; field interviews, journey maps and a 19-screen prototype around portable, verified worker reputations.

RESCUE – Spider-Legged Rescue Vehicle

Automotive

- NDRF rapid-response concept: four telescopic walking legs, enclosed operator cab and claw arm; 46-page deck, Blender model and night-scene renders.

Bulb Push-Eject Universal Holder

Consumer Electrical

- One push to fit, one push to release across B22 and E27 caps via an adapter ring; push-push heart-cam mechanism with catch-before-release and touch-safe contacts.

Underroot – Public Furniture System

Furniture

- Z-fold modular outdoor seating: cantilevered seat, diagonal drop to base slab, angled backrest and ribbed insert; built to endure decades of public use.

ECHOES – Print Magazine

Editorial

- 8-page white psychedelic edition: editorial system, typography, custom layouts and photorealistic mockups.

Bolt-Action Rifle – Life-Scale Model

Fabrication

- Proportion and ergonomics study with a dimensioned Rhino CAD sheet; manual material shaping.

Silver Gauntlet – Wearable Armour Study

Wearable

- Wearable armour study in surface language and handcrafted construction.

SKILLS

Design & Prototyping: Figma, Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Procreate, KeyShot, Blender

Technical & 3D Tools: SolidWorks, Rhino, 3D Modeling, CAD, Arduino IDE

Other: Interaction Design, UX & UI Design, Visual Design, Design Research, Usability Testing, Rapid Prototyping, Fabrication (sheet-metal folding, welding, woodworking, leather craft)

Languages: Hindi, English
